## alphaland Southgate Tower

The latest addition to the country's business hub is a gleaming new building that redefines the Makati skyline – the alphaland Southgate Tower.

Located along Chino Roces corner EDSA, alphaland developed the property into an office tower of strikingly blue hues. Evident in its reflective glass curtain wall, alphaland Southgate Tower stands out in the long stretches of highways and busy streets.

The 20 storey infrastructure features 36,000 sqm of office space with state of the art amenities, an excellent security system, an events place – located at the 6th Podium Area, and is connected to the 18,000 sqm Southgate Mall which offers a wide array of convenient shopping and dining options.

The tower has a direct connection to the MRT and public transport stations and boasts two of the largest LED electronic billboards in the country.

Standing proud and tall next to residential areas and very near to the hustle and bustle of the metro along EDSA and Chino Roces Avenue, alphaland Southgate Tower is truly a melting pot of people who like to combine work and leisure.

# THE TENTS

*an Events place like no other...*

The most recent added amenity to the building is The Tents, which is a magnificent events place at the heart of Alhambra Southgate Tower. The Tents is a 575 sqm area that sits on the 6th floor and housed underneath the stretch of white tents in an enclosed glass structure that offers a scenic view of the city including Manila bay.

The Tents allows event planners the flexibility to orchestrate a variety of engaging events such as conferences, seminars, social occasions, to corporate milestones. The air conditioned area can accommodate round table seating for 320 people and theatre style seating for 450. The Tents features a foyer, an al fresco area, an access to a scenic elevator and escalators through the tower and mall.
